Re: US Patent App. No. 10/560,262
Title: EMULATED RADIO FREQUENCY IDENTIFICATION
Inventors: Zatloukal et al.
Our File No.: 109909/146181

Dear Sir:

Review of the above-referenced application record on PAIR indicates that the application is not presently associated with a customer number, although our firm name and address are listed under Correspondence Address.

Transmitted along with this letter is a copy of the PCT General Power of Attorney filed in the corresponding PCT Application of which the instant application is a national stage entry. We ask that the Power of Attorney be made of record in Application No. 10/560,262 and that the matter be associated with our firm's Customer Number 25943.

Please do not hesitate to contact our firm if you have questions concerning this request.

Sincerely,

/Robert C. Peck/
